

2015-2016 HIGH SCHOOL REPORT

As Reedley College enters our 90th year we are pleased to draw upon our rich history and look forward to ways we can better serve our service-area high schools. We are pleased to present Liberty High School with this graduate report. This report includes 2015-16 data about your graduates who have chosen Reedley College as a partner on their academic journey. The report provides useful information about your graduates' enrollment trends, financial aid, placement testing, scholarship attainment, and completion.

At Reedley College it is our goal to motivate and inspire students to succeed. Capitalizing on existing partnerships and programs we can continue to empower students to dream big and achieve their goals. We believe partnering with students throughout their higher education journey will impact their overall success and build a prepared workforce that will strengthen our economy.

Reedley College has six areas of strategic focus that we believe will allow us to achieve our goal of motivating and inspiring students to succeed:

- Student Success
- Student Access and Services
- Teaching and Learning
- Economic and Workforce Development
- Organizational Development and Effectiveness
- Communication

Since 1926, Reedley College has worked to meet the needs of our students. More than 100 academic and career technical education programs are offered. Through these programs, students can earn associates degrees, associate degrees for transfer, and certificates of completion. We offer support resources through the Learning Center, Math Center, Reading and Writing Center, Veterans Center, and Career Resource Center. Additionally, students are encouraged to utilize the computer training lab and testing center, among many other student services.

Reedley College's mission is to offer an accessible, student-centered educational environment featuring numerous high-quality learning opportunities. We support the academic goals of our students and believe college should be affordable. We highly encourage students to apply for scholarships and financial aid. We are happy to assist as students apply for these opportunities. The Reedley College Foundation, State Center Community College Foundation, and the Pete P. Peters Honors Program offer scholarships to students. We are thrilled to have strong community support.

Finally, I hope you will find the data in this report to be informative and useful. We value your partnership and welcome any feedback as we strive to better serve our students.

Sincerely,
Dr. Sandra Caldwell
Reedley College President

Placement Testing Results

The placement test scores assist students in their course selection when entering Reedley College. Students still need to meet with a counselor who will apply multiple criteria advising for appropriate course placement. Students may have registered in classes outside of their placement area, due to several factors including multiple placement tests, counseling, and high school transcripts.

Course numbering system:

Courses 1-99: Associate degree/transerable credit courses. Courses 100-199: Associate degree only/non-transferable.

Courses 200-299: Non-degree applicable credit courses. Courses 300-399: Non-credit courses.
