Notes: CR/NC grading is not accepted for courses in the Chemistry major unless the courses are designated CR/NC grading only.

Courses marked (Fall) and (Spring) are usually offered only that semester.

\*These courses are upper division courses at CSU Fresno. Lower division courses completed at Reedley College that are comparable to upper division courses at CSU Fresno meet subject matter requirements only. No upper division units will be granted.

This degree is NOT intended for students who anticipate a career in chemistry or who expect to continue their education through the graduate degree level.

CSU Fresno highly recommends Math 6 be taken at Reedley College even though it is not required.

This information has been obtained using the 2012-2013 major articulation between Reedley College and CSU Fresno on [www.assist.org](http://www.assist.org).
