

Reedley College Curriculum Committee * October 13 Meeting

Please review the following Course Outlines of Record (CORs) prior to our meeting. Your assignments are the minimums we are asking you to review. If you have time to review other CORs on the list, please feel free and encouraged to do so. Make notes regarding questions and/or concerns. Note consistent questions/concerns that you find throughout a single area of instruction. Send punctuation and spelling corrections to Cheryl Hesse. Thank you for your willingness to serve. (Please note: Some instructors have teaching obligations that cause them to arrive to the meeting by 3:15; therefore, their assignments fall later in the agenda.) We will adjourn by 5:00.
