

Medical Terminology

OT-10-55048 (3 units)
Reedley College / Fall 2019

Instructor: Pam Gilmore

E-mail: pam.gilmore@reedleycollege.edu

Class start date: Monday, August 12, 2019

Census date: Tuesday, 9/3/19

LAST DAY TO DROP: Friday, October 11, 2019

Course Description:

This course provides students an opportunity to learn medical vocabulary with concentration on prefixes, suffixes, and root words. Emphasis is given to word dissection and definitions as applied to the body systems including the terminology used in examinations, diagnoses, procedures, laboratory investigations, and medical reports. **Students must pass a final 160-word definition exam with 95% accuracy in order to pass the course.**

Course Outcomes:

Upon successful completion of this course, student will be able to:

1. differentiate between the uses and meaning of medical terms formed from related root vocabulary.
2. analyze word parts and demonstrate ability to write medical terms correctly.
3. use their knowledge of prefixes, suffixes, and roots to ascertain meanings of words with which they are not familiar.
4. apply knowledge of anatomy and word parts to analyze medical terminology and its applications so as to prevent errors in medical records and in directions and applications of the terminology.
5. complete a final 160-word definition exam with 95% accuracy.

Course Objectives:

In the process of completing this course, students will:

1. identify the full and complete definition of 160 prefixes, suffixes and word roots.
2. construct medical words from prefixes, suffixes and word roots.
3. spell medical words correctly.
4. demonstrate an understanding of the meaning of medical words by using prefixes, suffixes and word roots.
5. label anatomy of the various body systems covered.

Textbook: This is a REEDLEY campus class; therefore, our book is Acquiring Medical Language, Updated Edition. Author: Jones, Steven L. and Andrew Cavanagh. Publisher: McGraw Hill Education. ISBN: 978-1-260-04909-1, new book with online access code @ RC Bookstore

Important Dates:

Grading Policy: I grade on a straight scale with weighted averages

100-90% = A

89-80% = B

79-70% = C

69-60% = D

59% and below = F

Grading Schedule:

Discussion Board	5%
Term Paper	15%
Flash Card Quizzes	10%
Homework	40%
Midterm Exam	10%
Final Exam	*20%
	100%

***The final exam (flashcards exam) must be passed with 95% accuracy or you fail the class. It is possible to enter into the final exam with an "A" grade and not pass the class.**

Academic Dishonesty: I have a policy that covers cheating, plagiarism and disciplinary procedures: anyone caught taking part in these acts will be receive a failing. **One of my students did all of his/her work throughout the course but was caught cheating on the final. It was devastating to both him/her and me. Maintain your integrity in all you do.**

Definitions:

Cheating is the act of deception by which a student misleadingly demonstrated that s/he has mastered information on an academic exercise. Examples are copying or allowing another to copy a test, paper, project, or performance, etc.

Plagiarism is the act of representing the work of another, as one's own without giving credit. Plagiarism includes, but is not limited to, incorporating the ideas or words of another's work without giving appropriate credit. If a student is found to be in violation of cheating and/or plagiarism, the student will either be dropped from the class or failed and a record of this act will be recorded.

Students with Disabilities: Upon identifying themselves to the instructor and the college, students with disabilities will receive reasonable accommodation for learning and evaluation. If you have a verified need for an academic accommodation or materials in alternate media (i.e., Braille, large print, electronic text, etc.) per the Americans with Disabilities Act (ADA) or Section 504 of the Rehabilitation Act, please contact me as soon as possible. For more information, contact Disabled Students Programs & Services.

Study Groups: I highly recommend that you connect with the other students in the class and form a study group. Trade phone numbers, share study loads, and help one another. Study groups always help a person do better.

Instructor Help: If you find yourself falling behind or needing help, talk to me!!! Ignoring a situation won't make it go away. The sooner you talk to me, the more likely it is that you will succeed.

Assignment Due Dates/Times: This is an online course therefore there is some flexibility as to when assignments can be completed. This does not mean that assignments can be late. I do not accept late assignments. Assignments and quizzes will be "opened" in Canvas at the beginning of each week. They are due the following Sunday by midnight. No exceptions. This means that an assignment and quiz will be available on Monday and you may complete them anytime between Monday and midnight Sunday. This allows you to decide which days are best for you.

Speaking of which: (time management)

It is important for you to realize that an online class does not take less time than a face-to-face class. In order to be successful in a 3 unit face-to-face class, it is expected that the student will be engaged in the class 3 hours per week and working on the class for 6-9 hours per week. This adds up to 9-12 hours per week for a 3 unit class. You should plan for the same level of commitment in your online classes if you wish to be successful.

Course Outline and Instruction Schedule / Homework and Flashcard Quizzes

All quizzes and assignments are due by **midnight on Sunday**.
