Course Description

Argumentation is designed to provide students with the methods of critical inquiry and advocacy. Emphasis will be placed on analysis, presentation and evaluation of oral and written argumentation. This course focuses on identifying fallacies, testing evidence, and advancing a reasoned position while defending and refuting arguments. Students will write a minimum of 6,000 words during the course of the semester. This course fulfills the G.E. requirement for Critical Thinking (Foundation A3). G.E. credit requires a grade of "C" or better. (C-id designation Comm 120) This course has a prerequisite of completion of English 1A & an advisory for the completion of Communication 1 or 1H.

Classroom Department

Each student is expected to respect the rights of the other students in the class and the instructor. The exploration of controversial ideas is an essential component of this class. Students who do not behave in a respectful manner will be asked to drop the class. When presentations are in progress students arriving late are to stay outside until the presentation is complete. Interrupting a presentation for any reason other than a severe emergency is inconsiderate and will not be tolerated. Cell phones should be turned off before coming to class. Head phones or ear pods are not allowed in class at any time.

Student Rights

Students are encouraged to become familiar with the “Campus Policies” section of the Schedule of Courses. This material includes information regarding cheating and plagiarism, disruptive classroom behavior, and other instructional issues. Students caught cheating in my class will receive a zero on the assignment and any assignment connected to that assignment (e.g. cheating on a debate will result in a zero on the debate, briefs, and on all audience evaluations). Any student caught cheating will also forfeit all participation points. In addition any student caught cheating will **NOT** be allowed to take the final exam. **Turn it in** will be used and students need to address and resubmit any assignment with a 36% or more match prior to the final due date/time.

Students with disabilities: If you have a verified need for an academic accommodation or materials in alternate media (i.e., Braille, large print, electronic text, etc.) per the Americans with Disabilities Act (ADA) or Section 504 of the Rehabilitation Act, please contact the instructor as soon as possible.

**Mandatory Signature Assignments:** are indicated above with **\*\*SA**  
**these assignments are REQUIRED in order to take the final exam OR earn any extra credit.**  
**Students must pass signature assignments with a C or better. Students who do not earn a C or better on the attempt signature assignments will not earn the right to take the final exam, will lose all participation points, flow sheet points and will not be allowed to earn extra credit.**

The following numerical guidelines will be used in the assignment of final grades.

900-1000 = A  
 800-899 = B  
 700-799 = C  
 600-699 = D  
 599- 0 = F

The instructor reserves the right to increase points for students who are *on the margin* (defined by Dr. C as less than 10 points); this will be done on the basis of attitude and participation throughout the semester and is solely at the discretion of the instructor.

Students will not qualify for this *on the margin* grade adjustment if they did not submit any outside extra credit, or if they have utilized 2 or more of the 12 hour window options. On the margin grade adjustments are not a given they are “solely at the discretion of Dr. C.”

## Just a Note Regarding My Teaching Philosophy

When absent do not approach me to ask “what did we do when I was gone?” Each student must assume full responsibility for all notes, assignments or announcements made during class. I cannot and will not re-teach a lesson in my office or in the hallway before or after a class. My power point presentations are for students who come to class – students who are not in class will have to rely on the book or notes from a friend. When a student misses class and an assignment is due or given out the absence does not excuse or extend the due date. When in class it is expected that students are “present” – students who are on their cell phones or sleepy or engaged in private conversations may be told to leave. *Students are considered absent if the door is locked and a sign is posted that speeches or exams are in progress, do **NOT** knock or attempt to enter through the lab door.*

**Canvas** - Canvas will be utilized in this class and students who are unfamiliar should seek additional help during an office hour or ask the tutorial center for assistance. Keep in mind when reviewing grades in Canvas the point total is the **ONLY** thing that matters, percentages do not reflect your true grade. Technical difficulties are **NOT** a valid excuse. All deadlines are final – plan ahead, and drop box early. Assignments will be due at 10 pm. In order to assist students I offer the ability to “purchase” a 12 hour window to upload assignments the cost is a 5 point penalty assessed on the current assignment. This penalty will be given even if the assignment is one minute into the 12 hour window. The 12 hour window eliminates all excuses for technology, high turn it in score, or lack of submission. The 12 hour window is implemented to allow students to figure those issues out. I will **NOT** excuse any assignment that did not get into the drop box beyond the 12 hour window under **ANY CIRCUMSTANCE – DO NOT ASK.**

## Attendance

Due to the nature of this course, attendance is important. Roll will be taken at each class session. I will drop anyone who misses the first or second day of class. Per college policy I can drop any student who misses 4 class periods prior to the drop date. Roll is taken at each class session. Class points will be drastically reduced by absences. Understanding that perfect attendance can only happen in a utopian world each student is allowed 2 absences. I will no longer investigate or decide if an absence is excused or not. Every student has two freebies – after that I will deduct 25 points for **EVERY** absence regardless of reason up to a total of 6 absences. These points will come from your participation/flow sheet points. Once those points are depleted students will **NOT** be allowed to earn extra credit **OR** take the final exam. Make sure you understand this – you have **TWO** free absences all other absences will result in a deduction of points as stated. **NO EXCEPTIONS!!** Arriving late to class and leaving early are unacceptable and will result in a reduction of participation points. Two tardies or early departures are equivalent to one absence. It is the students’ responsibility to keep track of their absences. If you know in advance that you will be absent please inform the instructor so that accommodations can be made for speeches or quizzes **prior** to your absence. Also understand that notifying the instructor does not excuse the absence and any assignment due during that absence **MUST** be made up **prior** to, not after the fact. In class activities/assignments cannot be made up. Sign in sheets are often used to take attendance, it is the student’s responsibility to sign in.

## **Brief Descriptions of Assignments:**

**Persuasive Position Presentation and Rebuttal:** Students will prepare a presentation 3-4 minutes in which they will take a current topic (brainstormed in class), write a proposition, pick a side and defend it. Grading will be based on presentation, timing, and research. Students will be assigned to rebut a classmate after their presentation. Brief will be submitted via Canvas.

**Movie Analysis:** In class we will view a movie. Students will take notes and evaluate the arguments set forth by the movie. A two page evaluation and explanation of the arguments will be turned in via Canvas. Our class textbook must be used as a source in the evaluation.

**Debates:** Debate dates will be pre-assigned. **I do not allow anyone to give their debates on a day other than their assigned date. Do not ask for an extension.** If you are unable to present on your assigned date you will be given a 0 on that debate. Debates will include SPAR, Mini, and Cooperative formats. SPAR stands for **SP**ontaneous **AR**gumentation. These debates are short impromptu debates. Students will also participate in a Mini debate. This is a much shorter version of the Cooperative Debate at the end of the semester. Each student will participate in one Cooperative Debate. The cooperative debate will be a group assignment where a dyad will formally debate another dyad on a controversial local, national or world issue. These debates will follow a modified Parliamentary Debate format and will be researched in advance. More information regarding the grade distribution and formats will be given in class at a later time. Briefs are required for both the Mini and the Cooperative Debates. Please use template provided on the webpage.

**Quizzes & Final:** There will be three exams in this class. The final exam is comprehensive covering all of the content covered in the course. Material for the exams will come from lectures, reading assignments and class discussions. Due to the in class presentations not all content will be covered in class and students are responsible to read all chapters assigned. Finals are held in the same classroom but not necessarily at the same time. Please note final schedule below schedule so that you are aware of the time and date of your final. Please note – I will not allow anyone to take the final if they show up after the door is locked. Please be aware and be on time. I will also NOT allow students to take the final prior to finals week, unless there is a verifiable **MEDICAL** reason. Finals in my course are earned. Students who have 6 or more absences (inclusive of the two freebies), or have missed a signature assignment will not be allowed to take the final exam.

**Additional Point Assignments (Extra Credit):** In addition to the assignments there will be limited extra credit assignments. They will be briefly announced in class and posted on the classroom web page. It is the student's responsibility to look them up and turn them in by the deadline posted on the webpage. Extra credit assignments submitted by students who have missed signature assignments (see list of assignments for **\*\*SA** designation) will **not** be accepted. In addition students who have 6 or more absences (inclusive of the 2 freebies) will not be allowed to earn extra credit or take the final exam. Lastly students who take advantage of the 12 hour late window 2 or more times do not qualify for extra credit. The sole purpose of extra credit assignments is to enhance learning not to take the place of assignments.
