SANGER HIGH SCHOOL REPORT 2009-2010

Reedley College
President,
Dr. Barbara Hioco

Reedley College values the established partnership with Sanger High School thus allowing us the opportunity to continue educating your students. I am pleased to present the 2009-2010 high school graduate report which includes information on Apache enrollment, financial aid and entrance placement testing.

Another year has passed and we have seen the UC's and CSU's continue to restrict admissions. However, Reedley College has kept its doors open for the Apaches. As you are well aware, state funding for community colleges has decreased yet Reedley College remains committed to our mission of offering an accessible, student-centered educational environment. In order to fulfill this commitment we have aggressively pursued funding from outside sources. I am happy to report that we have been successful in obtaining millions of dollars in additional grant money. At Reedley College we are proud to continue our tradition of providing students with an educational experience of the highest quality.

Reedley College offers Sanger High students more than 100 academic and career technical educational programs.

Students may work to complete an associate degree or a certificate of achievement. Reedley College maintains guaranteed transfer agreements with many colleges and universities throughout the country. Students enrolled in our Career Technical Education share similar success whether they are entering or advancing through the job market. In addition, Reedley College has established successful partnerships with local industries creating pathways for upward mobility and success in high demand occupations.

Our goal is to continue to prepare your students for a better and brighter future. After reviewing this report please feel free to provide us with any feedback so that we may better serve our future student population. Your input is very valuable and I look forward to working together.

Thank you for your continued commitment to our students and to Reedley College.
