# Free Student Email

The State Center Community College District provides a free electronic mail account to every student. This email account will be the official means of contact between the District / Colleges and the student. Students may opt to have all communication sent by the postal service by filling out the on line form "Change Correspondence Method" found on WebAdvisor or at the Admission and Records web room. Email accounts can be accessed from any of the lab computers on campus or from an off-campus computer with Internet access. To activate your student email account, go to <http://www.scccdd.edu/studentemail>.
