

Reedley College
Student Learning Outcome Assessment Advisory Committee
A Subcommittee of Program Review

Eileen Apperson · David Clark · Michelle Johnson · Randy Genera Amanda Tainter · Tina Luera · Stephanie Curry · Lisa McAndrews

Agenda/Notes

February 6, 2013
12:00-1:00pm
PCR (RC), AV1-101D

Present: Eileen Apperson, David Clark, Stephanie Curry, Randy Genera, Amanda Tainter

I. GELO re-evaluation

The committee reviewed the last four GELO summary reports and determined that the GELO (ILO) statements are measurable and respond to the Mission and Strategic Plan. We will analyze the graduate survey of the GELOs once the Institutional Researcher gathers more responses in June, after graduation. This will tell us more of which GELOs may be lacking.

Beginning in fall 2014, GELO summaries will be provided to the College based on groups completing their Program Review reports. The Humanities division will be the first summary.

II. Evaluation of the SLO reporting process

Programs are submitting their 5-year assessment timelines. College Council has approved the Program Review Cycle Three Handbook which incorporates all SLO reporting. Eileen will contact colleagues at COS who use Curricunet to track their assessments.

III. SLO implementation status

No word yet from ACCJC on our SLO implementation status.

IV. SLO Blackboard site

Keep SLO Blackboard site for SLO storage and required mapping links for program review reports.
