Per Board Policy 3250, "Institutional Planning," the Reedley College draft 2017-2021 Strategic Plan was presented as a first reading of the two-reading process at the May 2, 2017, Board of Trustees meeting, with opportunity for discussion and questions at that time. In accordance with Board Policy 3250, it is now being presented as the second reading for formal adoption.

The draft Reedley College Strategic Plan was developed by a broad-based committee on each campus that is comprised of representatives from all major campus constituencies. It was then reviewed by the various campus constituency groups, made available to the public through community feedback forums, and sent directly to our educational partners. Once the review and feedback process was complete, the draft plan was approved through the formal constituent review process at the college in April 2017.
