State Center Community College District

Emergency Alert Messaging System

Be the first to know if there's an emergency situation on campus.

1st2know State Center Community College District Emergency Alert System will notify you of any emergency situation on campus by sending a text message to your cell phone.

cost
We don't charge for the service but standard text message rates will apply so make sure you check with your provider before signing up.

privacy
1st2know is secure and respects your privacy. The 1st2know system will not send you spam and we will not share your information with anyone.

eligibility
1st2know is available to all students and employees of Fresno City College, Reedley College, Willow International Center, Oakhurst Center, Madera Center and other SCCCD campuses.
