Trustees,

Please let me know if you plan to attend the CCLC Annual Convention in Riverside in November 2016.

November 17–19, 2016
Riverside Convention Center

The League's Annual Convention is the premier professional development event for California community colleges – faculty, administrators, staff and trustees. This event brings together more than 600 attendees and provides opportunities for colleagues and partners to share their tools, models and accomplishments.

This year's theme, **Mapping the Route: Re-Envisioning California Community Colleges**, will bring together California community college professionals and state and national leaders, who will share their knowledge and experience to re-envision working together as a system—mapping the route for the future of California's community colleges!

This year's Annual Convention will once again offer great value while keeping costs down, and quality high!
