12. Refer to the utilization of community assets to inform decisions relative to student programs and services.
13. Indicate that we are going to facilitate and provide programs leading to student success. The statement should indicate what we are going to do, not merely our “commitment.”
14. Goals will be accomplished through comprehensive partnerships with community resources.
15. Emphasize the centrality of “community” in community colleges.
16. Student success will be facilitated through partnerships which include assets of the community to shape programs and services.
