Notes: CR/NC grading is not accepted for courses in the Plant Science major.

Courses marked (Fall) and (Spring) are <u>usually</u> only offered that semester.

The Plant Science Department at CSU Fresno offers options in Agronomy, Horticulture, Plant Health, and General Plant Science. Depending on the option, three units of elective courses are strongly recommended.

*These courses are not offered on a regular basis.

Courses listed in more than one area may only be used one time.

Depending on one's career goals, students will select additional courses from either Management or Science. At Reedley College AG 3 may be taken for Management; BIOL 31 may be taken for Science.

This information has been obtained using the 2004-2005 major articulation between Reedley College and CSU Fresno on www.assist.org.
