The reason(s) that this course is being considered for distance learning is/are:

- to reach students in remote areas whose attendance at a regular District site is inconvenient.
- to provide a specialty course for students at one or more sites where there is not a sufficient pool of students to warrant traditional classroom instruction.
- to recruit and support students who would not otherwise have initial access to the District.
- to serve the community and business institutions by providing work ~ site courses for public agencies and private companies whose employees require special training.

**It is understood that:**

- **The course listed above will follow an existing RC course outline.**
- **The distance learning mode of delivery will not adversely affect the enrollments on campus.**
- **Instructor is aware the course must be in compliance with requirements regarding EIT (Electronic and Information Technology) pursuant to Section 508 of the Rehabilitation Act and provisions of California Government Code Section 11135.**

**What adjustments to the ways in which the course is delivered or presented to students will be necessary in order to offer it in the distance-learning mode? (Add a second sheet if necessary to outline units in the course.)**

- Powerpoint lectures
- Discussion boards
- Textbook readings
- Readings, videos, and links
- Tegrity

- Blackboard

In addition, computers with high-speed Internet access, access to Blackboard, email accounts, and video cards will be necessary for course content delivery. Course deadlines for papers, exams, and quizzes will be adjusted in the event of delivery system interruptions.

Both the instructor and students will make regularly scheduled use of the following:

- Digital bulletin boards/announcements as provided by Blackboard
