The instructor's syllabus must reflect the criteria by which the student's grade has been determined. (A minimum of five (5) grades must be recorded on the final roster.)

If several methods to measure student achievement are used, indicate here the approximate weight or percentage each has in determining student final grades.

70% written work and tests 20% class discussion and journals 10% student-directed extensions of topics discussed in class. This could be writing a poem in a certain author's style, attending a play of the student's choice, or translating a well-known American narrative into rap or text-speak.
