COURSE DESCRIPTION:

This year long course is designed to give high school juniors and seniors an overview of crime and the Administration of Justice in the United States. The class will specifically explain the hierarchy and inner-workings of the juvenile and adult criminal justice systems in California, as well as the civil justice system. It will focus on the realities of enforcement and apprehension at the federal, state, and local levels, prosecution, courts, and the disposition of people charged with the commission of crimes. Students will be exposed to career opportunities in the criminal justice field.

During the course, an emphasis will be placed on developing reading, writing, interpersonal communication skills, critical thinking, logical reasoning, and problem solving skills. The ability of students to deal with stress and interact with people will be emphasized as well. Students will learn the value of honesty and integrity in maintaining employment within the justice system.
