

PROGRAM OF STUDY

Agriculture Business Certificate of Achievement

Upon completion of this program of study, students will be prepared for entry-level employment in occupations where business skills are required with a breadth of agriculture knowledge. They will have acquired the knowledge, skills and attributes to assist with the day-to-day operations of an agricultural business or a production agriculture operation. Knowledge and skills acquired include determining the factors that influence profits and efficiency, implementing strategies for making effective management decisions, recording financial transactions according to fundamental accounting procedures, and developing marketing strategies for agricultural products and agribusiness services. Courses may be applied toward an Associate in Science Degree.
