

## PROGRAM OF STUDY

### General Agriculture Certificate of Achievement

Skills and competencies for students who seek entry-level employment in agriculture with flexibility for a student to design his/her own specialty. Upon completion of this certificate, students will have skills in basic agriculture computer applications, agriculture sales methods and techniques, accounting in agriculture, basic plant science operations and methods, machinery or mechanical skills, and agriculture career awareness. Limited flexibility is allowed for students to develop skills in the areas of their agricultural career interest. Courses may be applied toward an AS degree.
