TEXT: Engineering Mechanics : Statics, Seventh Edition, R. C. Hibbeler
GRADING: 80% Four exams plus final exam, all equally weighted.
The lowest of the five exam scores will be dropped.
10% Homework
10% Group project

HOMEWORK: This is a problem solving course. There are relatively few principles and little memorization in Statics. Every week you will be assigned homework problems that require you to apply the principles of Statics, sometimes in creative ways. Exams will be like the homework. It is essential that you attempt the homework. Homework is due at the beginning of the class on the due date.

LATE WORK AND MAKEUPS: There will be no makeup exams without prior approval. If you must miss an exam you need to let me know before the exam. Late homework will not be given credit but may be turned in for the instructor to check.

GRADING SCALE: 87% A
77% B
65% C
50% D

ATTENDANCE: Mandatory (dropped if miss > two weeks, i.e. six class sessions)

DROP DATE: Friday, Oct. 17 is the last day to drop this course.
