GRADING

Grades will be based on quizzes (100 points), a 100-point exam, and a final exam (300 points).

For students to determine where they stand at any given time, they should total the number of points possible for the quizzes and/or tests they have already taken. This number should then be multiplied by .60 (60%). If the number of points the student has received equals or is higher than the results, the student is passing; if not, the student is failing.

To determine the final grade which is based on a point system and NOT a curve:

450-500+ points = A
400-449 points = B
350-399 points = C
300-349 points = D
299 points and below = F

Students can earn extra credit (up to a maximum of 100 points) by completing a special project pertinent to this course.
