Textbook: Elementary Algebra (Sixth Edition) by McKeague

Important Dates: Drop Deadline- Fri. March 10, 2000.
Days Off- Mon. Jan. 17; Fri. Feb. 18; Mon. Feb. 21; Mon. – Fri. April 17 –21.
Final Exam- Fri. May 19 from 1:00 PM – 3:00 PM.

Course Overview: The course will cover all or parts of chapters 1 - 9. The course objective is to obtain a solid understanding of algebraic concepts and problems.

Attendance: After 6 absences, students will be dropped from the class.

Assignments: There will be 5-8 exams (including the final) worth 100 points apiece, and at the end of the semester I will have collected twice as many homework assignments than exams given, each worth 10 points apiece. Some group work may be assigned during the semester. No homework will be accepted after its due date. No make-up exams will be given without prior arrangements being made before the exam.

Grading: The course grade is based upon the points earned from the homework, exams, and the final. At any time during the course, the grade of a student is determined as follows:

$$\frac{\text{Points Earned}}{\text{Total Points Possible}} \times 100 = \text{grade of the student}$$

The grade will be based upon the following percentages (**NO ROUNDING**):
90-100% A 80-89% B 70-79% C 60-69% D 0-59% F
