ART 30: ILLUSTRATOR COMPUTER DRAWING & DESIGN

Course Description: This course is an introduction to the use of the computer to produce artwork. It covers the function and application of vector (drawing) and raster (painting) graphics software. Topics such as resolution and scanning, color modes, file formats, printing and the preparation of images in various graphics programs are also included. Class time will consist of lectures, demonstrations, and computer exercises. Lab time for assignments will also be scheduled. Homework will also be assigned as required.

Academic Accommodation: If you have a verified need for an academic accommodation or materials in alternate media (i.e. Braille, large print, electronic text, etc.) per the Americans with Disabilities Act (ADA) or Section 504 of the Rehabilitation Act, please contact me as soon as possible. In addition, it is your responsibility to contact the Disabled Student Services Office at extension 3332 to request Academic Accommodation.

Attendance Policy: Class attendance is mandatory. Students are expected to arrive on time and leave only when the class is dismissed. Any unexcused absences in excess of four (the equivalent of two weeks of class) for the entire semester will result in a lowered final grade. Two late arrivals to class will equal one unexcused absence. Two early departures from class will equal one unexcused absence. High school students taking this class are not excused from attendance even if their high school is not in session. It is the student's responsibility to get assignments and class materials after an absence. Absences are only excused and valid if supporting documentation is presented. It is Board Policy that students who miss two or more weeks of class meetings before the 9th week of class can be dropped.

Breaks occur from 10:50-11:00 am and once again from 11:50 am to 12:00 pm. You may NOT leave class twenty minutes early if you decline to take breaks at the designated times.

Personal Electronics Policy: Cell phones, Blackberries, iPods, MP3 players, headphones, and other similar electronic devices will be turned off and stored out of sight during class. If personal electronic devices are used during class without the instructor's explicit consent, they will be confiscated and available for retrieval in the college president's office. Laptop computers with the sound turned off may be used for taking notes.

Conduct Policy: Students are expected to behave like adults and demonstrate respect for the instructor, other students, the classroom environment, and themselves. Students who are unable or unwilling to conduct themselves appropriately will be required to leave the class until such time they can function maturely. Any lessons or projects due during such a suspension will NOT be accepted and the student will forfeit those points.

Grading Policy: You will be graded on how successfully you work in class, complete assignments, and contribute to the group discussions/critiques/projects. Regular attendance, completion of all assignments, and other course requirements does **not** guarantee a passing grade. Late assignments will not be accepted. Incomplete assignments will reduce your grade.
