VI. Assignments and Exams:

- A. You are to bring your book, and notebook each class session. You are expected to read the text before lectures to familiarize yourself with the highly technical terminology used in nutrition. A broad range of topics is covered extensively and quickly, which demands strenuous study at a rapid pace. Lectures are used to introduce new topics and elaborate the subject matter and assignments. It is your responsibility to stay current with reading, lecture notes, and assignments. You are to spend at least twice as much time on study as in class.
- B. Assignments are due at the beginning of the class period and on the day stated on the course calendar. All homework is to be submitted via Blackboard Course Documents. All written work is to be an RTF (Rich Text Format) Document.
- C. Assignments are graded on the following basis:
1. Accuracy of the assignment.
 2. Completeness of assignments.
 3. Your evaluation and presentation of materials.
 4. Organization and presentation of materials.
 5. All work is to be stapled. Unstapled papers will not be accepted.
- D. Exam and assignment make-up policy - Under no circumstances will projects or homework be accepted late. It is your responsibility to make sure that your work is turned in at the time that it is due. There is no make-up for quizzes. Students will not be permitted to take an exam before it is scheduled. There are no retakes of exams. Students will be permitted to make - up only one missed exam. To make - up an exam, the student must take the exam during the scheduled Final exam, during Final's week.
- E. You are expected to come to class with the required text each class period, no later than the first class meeting during the third week. Failure to do so could result in poor performance in the course.

Academic Dishonesty

Students at Reedley College are entitled to the best education that the college can make available to them, and they, their instructors, and their fellow students share the responsibility to ensure that this education is honestly attained. Because cheating, plagiarism, and collusion in dishonest activities erode the integrity of the college, each student is expected to exert an entirely honest effort in all academic endeavors. Academic dishonesty in any form is a very serious offense and will incur serious consequences.

Cheating

Cheating is the act or attempted act of taking an examination or performing an assigned, evaluated task in a fraudulent or deceptive manner, such as having improper access to answers, in an attempt to gain an unearned academic advantage. Cheating may include, but is not limited to, copying from another's work, supplying one's work to another, giving or receiving copies of examinations without an instructor's permission, using or displaying notes or devices inappropriate to the conditions of the examination, allowing someone other than the officially enrolled student to represent the student, or failing to disclose research results completely.

Plagiarism

Plagiarism is a specific form of cheating: the use of another's words or ideas without identifying them as such or giving credit to the source. Plagiarism may include, but is not limited to, failing to provide complete citations and references for all work that draws on the ideas, words, or work of others, failing to identify the contributors to work done in collaboration, submitting duplicate work to be evaluated in different courses without the knowledge and consent of the instructors involved, or failing to observe computer security systems and software copyrights. Incidents of cheating and plagiarism may result in any of a variety of sanctions and penalties, which may range from a failing grade on the particular examination, paper, project, or assignment in question to a failing grade in the course, at the discretion of the instructor and depending on the severity and frequency of the incidents.

IX Internet & Email

. Access to broadband internet is required. If you do not have an internet connection, you may use the resources in the Reedley College Library or at other computer labs on campus.

. **A SCCCD email address is required for all students.** You can obtain an email address through the RC Library.

. Please note: I teach multiple courses (and multiple sections of some courses) so I have strict rules about email. They are as follows:

1. Use the subject line correctly. Each email you send to me must include the following line:
Course number, your first and last name, and the subject you are writing about For example, FN40-52547 John Doe Question about Diet Project.
2. Use the spell checker.
3. Use proper grammar.
4. **You are to address me as Mr. Avakian and at the end of the message include your first and last name.**

All others will be treated as spam.
