Cell phones	<p>Turn off or airplane mode your cell phones (not vibrate). Cell phones and text messaging are major distractions and hinder not only your ability to concentrate but the ability of those around you to concentrate. <p>Plagiarism and Cheating</p>	<p>Students caught plagiarizing or cheating will receive a zero on the assignment and may be reported to the college for academic dishonesty. If you plagiarize on an essay assignment, you will not be allowed to revise for a better grade.</p> <p>Your class work will be submitted to Turnitin, which assists in evaluating the originality of the work.</p> <p>Here are the college policies on academic dishonest, cheating, and plagiarism:</p> <p>Academic Dishonesty: Students at Reedley College are entitled to the best education that the college can make available to them, and they, their instructors, and their fellow students share the responsibility to ensure that this education is honestly attained. Because cheating, plagiarism, and collusion in dishonest activities erode the integrity of the college, each student is expected to exert an entirely honest effort in all academic endeavors. Academic dishonesty in any form is a very serious offense and will incur serious consequences.</p> <p>Cheating: Cheating is the act or attempted act of taking an examination or performing an assigned, evaluated task in a fraudulent or deceptive manner, such as having improper access to answers, in an attempt to gain an unearned academic advantage. Cheating may include, but is not limited to, copying from another's work, supplying one's work to another, giving or receiving copies of examinations without an instructor's permission, using or displaying notes or devices inappropriate to the conditions of the examination, allowing someone other than the officially enrolled student to represent the student, or failing to disclose research results completely.</p> <p>Plagiarism: Plagiarism is a specific form of cheating: the use of another's words or ideas without identifying them as such or giving credit to the source. Plagiarism may include, but is not limited to, failing to provide complete citations and references for all work that draws on the ideas, words, or work of others, failing to identify the contributors to work done in collaboration, submitting duplicate work to be evaluated in different courses without the knowledge and consent of the instructors involved, or failing to observe computer security systems and software copyrights. Incidents of cheating and plagiarism may result in any of a variety of sanctions and penalties, which may range from a failing grade on the particular examination, paper, project, or assignment in question to a failing grade in the course, at the discretion of the instructor and depending on the severity and frequency of the incidents.</p>
