Description

This course is designed to give students basic skills in backcountry travel. Topics covered will include route planning, equipment selection, multiple night travel, trail etiquette, food preparation, campsite selection, basic map reading and compass use, and backcountry safety. Students will gain basic knowledge and experience aimed at increasing their confidence in traveling in the backcountry. Experience will include wilderness management exercise such as campsite rehabilitation.

Outline

Trip Planning
Equipment
Cooking and Nutrition
Hygiene and Water Purification
Leave No Trace Hiking and Camping
Wilderness Travel
Weather and Nature
Safety and Emergency Care
Outdoor Leadership

Required Equipment

Students must supply their own back packing equipment. Failure to have necessary equipment may result in being barred from field trips and will affect course grade. Students will bring all personal backpacking equipment to class for instructor inspection prior to field visits.

Advisories

Basic Skills Advisories: Eligibility for English 125, 126, and Mathematics 101. (A, CSU)

Learning Outcomes

Gain confidence in backcountry travel and navigation.
Prepare food using a backpacking stove, water filter and dried food.
Navigate trails in mountain terrain using a map and compass.
Practice appropriate trail etiquette and “leave no trace” camping methods.
Recognize potential backcountry hazards and minimize risks.

Learning Objectives

In the process of completing this course, students will:

- Identify and select necessary equipment for backcountry travel.
- Use a map and compass to identify travel routes and current location.
- Set up and operate a backpacking stove to prepare meals.
- Identify “leave no trace” principles.
- Select appropriate equipment for specific conditions.

Reedley College Policies

To receive a grade for this course, students must complete all assigned work. Cheating or plagiarism will result in removal from class and you will receive an “F”. Be courteous to everyone in class.

Reedley College Policies (Cont.)

If you have a verified need for an academic accommodation or materials in alternate media (i.e., Braille, large print, electronic text, etc.) per the Americans with Disabilities Act (ADA) or Section 504 of the Rehabilitation Act, please contact me as soon as possible.

Attendance and Grading Policy:

If you miss a lecture, you are responsible for obtaining notes from a classmate. The success of any class depends on the presence and active participation of each student; therefore, you are expected to attend every class. Your participation record will be considered when assigning your final grade. If you miss class >3 times during the semester (without a valid reason) you will be dropped from the course. Individual exam grades may be curved and final grades will be assigned based on a straight percentage system according to the following scale:

Health Advisory:

This course requires arduous physical exertion. Hiking and carrying backpacks and performing campsite restoration work at high altitude should not be attempted unless persons are healthy and in good physical condition. The instructor may require students to provide proof of fitness by medical professionals and may prohibit a student from participating in some class activities. Please advise instructor of any condition that could endanger your health prior to attempting the course or specific activities involved in class laboratory exercises.

<u>Course Grade</u>	<u>Cumulative Percent</u>	<u>Breakdown of Grades Percent</u>	
A	90-100	Quizzes	10%
B	80-89	Final Exam	20%
C	70-79	Trip Preparation	30%
D	60-69	Trip Participation	40%
F	< 59
