DEPARTMENT PHILOSOPHY: Our department will use a "**concepts**" approach to kinesiology, health, and physical education, answering three (3) important questions:

- 2. How** to practice healthful activities given individual abilities and interests?
- 3. What** are the individual's real needs for lifetime fitness?

Basic Skills Advisories: Eligibility for ENGL 125 and ENGL 126

Subject Prerequisites: None

REQUIRED TEXT: None

REQUIRED NOTES: You must take notes in this class every day! Power Point presentations will outline the material that you will be required to know for all exams.

ATTENDANCE: Students are expected to attend all class meetings, be on time, and be in class the entire class session. Please let me know in advance if you are going to be absent for personal reasons, which will be excused. **STUDENTS LEAVING CLASS BEFORE THE END OF CLASS WILL BE COUNTED AS BEING ABSENT! Three (3) absences** may result in a drop from the course. However, if you decide to drop the course, it is **your** responsibility to make the drop official in the Administrations and Records office or possibly receive a grade of **F**.

Behavioral Standards: Your classmates and I would greatly appreciate that students in the class take care of any personal needs (i.e., using the restroom, getting a drink, sharpening a pencil) before class begins. Please turn your phone off when entering the class. You may not use your phone as a calculator. Please only use laptops to type notes, not for personal reasons. I would appreciate that you not bring guests to class.

NOTE: The drop deadline is **March 11, 2022**

TARDIES: Students are expected to be on time. It is distracting and unfair to fellow classmates and to the instructor when a student is late. If you are not present when roll is taken, you will be counted as absent. There will be occasional in-class assignments and/or Extra Credit quizzes given in the first few minutes of class. ***You will not be given a chance to make these up if you are tardy!***

CHAPTER QUIZZES: These quizzes are open note and will consist on anything (including articles) from that particular chapter. Each quiz is 10 minutes and will have a 25 minute time limit. In the event you have a planned absence (Jury duty, doctor's appointment, dentist, etc.), I will accept your late work (WITH PROOF) at full value. There will be 7 quizzes throughout the semester at 10 points each for a total of 70 points.

MAKE-UP ASSIGNMENTS: In the event you have a planned absence (Jury duty, doctor's appointment, dentist, etc.), I will accept your late work at full value.

TESTS: Make-up exams will be allowed at the discretion of the instructor.

GROUP PROJECT: Your group project will be conducted during the final week of the semester. The dates and times will be announced later in the semester.

Academic Dishonesty

Students at Reedley College are entitled to the best education that the college can make available to them, and they, their instructors, and their fellow students share the responsibility to ensure that this education is honestly attained. Because cheating, plagiarism, and collusion in dishonest activities erode the integrity of the college, each student is expected to exert an entirely honest effort in all academic endeavors. Academic dishonesty in any form is a very serious offense and will incur serious consequences.

Cheating is the act or attempted act of taking an examination or performing an assigned, evaluated task in a fraudulent or deceptive manner, such as having improper access to answers, in an attempt to gain an unearned academic advantage. Cheating may include, but is not limited to, copying from another's work, supplying one's work to another, giving or receiving copies of examinations without an instructor's permission, using or displaying notes or devices inappropriate to the conditions of the examination, allowing someone other than the officially enrolled student to represent the student, or failing to disclose research results completely.

Plagiarism is a specific form of cheating: the use of another's words or ideas without identifying them as such or giving credit to the source. Plagiarism may include, but is not limited to, failing to provide complete citations and references for all work that draws on the ideas, words, or work of others, failing to identify the contributors to work done in collaboration, submitting duplicate work to be evaluated in different courses without the knowledge and consent of the instructors involved, or failing to observe computer security systems and software copyrights.

Incidents of cheating and plagiarism may result in any of a variety of sanctions and penalties, which may range from a failing grade on a particular examination, paper, project, or assignment in question to a failing grade in the course, at the discretion of the instructor and depending on the severity and frequency of the incidents.
