Cheating and Plagiarism:

The 2022-2023 Reedley College Catalog states:

"Cheating is the act or attempted act of taking an examination or performing an assigned, evaluated task in a fraudulent or deceptive manner, such as having improper access to answers, in an attempt to gain an unearned academic advantage. Cheating may include, but is not limited to, copying from another's work, supplying one's work to another, giving or receiving copies of examinations without an instructor's permission, using or displaying notes or devices inappropriate to the conditions of the examination, allowing someone other than the officially enrolled student to represent the student, or failing to disclose research results completely. Plagiarism is a specific form of cheating: the use of another's words or ideas without identifying them as such or giving credit to the source.

Plagiarism may include, but is not limited to, failing to provide complete citations and references for all work that draws on the ideas, words, or work of others, failing to identify the contributors to work done in collaboration, submitting duplicate work to be evaluated in different courses without the knowledge and consent of the instructors involved, or failing to observe computer security systems and software copyrights. Incidents of cheating and plagiarism may result in any of a variety of sanctions and penalties, which may range from a failing grade on the particular examination, paper, project, or assignment in question to a failing grade in the course, at the discretion of the instructor and depending on the severity and frequency of the incidents."

When beginning our course, reading the information regarding cheating and plagiarism is a module requirement. Penalties for cheating and plagiarism range from a "0" or an "F" on an assignment, paper, quiz, exam, or project, through an "F" in the course. Determinations are made at the discretion of the instructor.

Disruptive Virtual-Classroom Behavior: *Student conduct that disrupts the learning process will not be tolerated and may lead to disciplinary action.* This includes but is not limited to discussions, Canvas messages, and interactions between students. Students will be provided information concerning proper "Netiquette" and this will be the expectation

for online student-to-student and student-to-instructor interactions. Students will never be asked to engage with each other outside of discussion boards within our designated Canvas course. If another student requests personal information of any kind, please report this immediately.

Explanation of Assignments

Journal Check-In's (complete / incomplete)

These weekly journals are due each Tuesday at 11:59pm and will include a brief response to a question about student pacing, progress, and success in the class. Students will be required to complete this as weekly evidence of active and consistent participation in the class. Failure to complete the weekly journal in combination with other missing assignments or low progress in the class **may result** in documented absences or being dropped from the course.

Small-Group Discussion Boards (17 x 20pts = 340pts)

Small-group discussion boards satisfy SLO 1-3 and ILOs. Each discussion board requires an initial post by the student and then at least 2 peer responses that continue conversation, ask thoughtful questions, and provide meaningful perspective. The initial post is due each week on Thursdays at 11:59pm and peer responses are due no later than the following Sunday at 11:59pm. Students may not post to the discussion board late without permission from the instructor. Failure to post AND communicate a request for an extension on an initial post will result in a grade of a 0 for the discussion.

Unit Quizzes (19 x 10pts = 190pts)

Students are expected to complete a unit quiz for each module unit covered within the course. Quizzes may consist of multiple-choice questions, short-answer questions, matching, and scenario applications. All quizzes will include academic vocabulary and serve to satisfy SLO's 1-3 and course learning objectives. Quizzes are untimed and allow for multiple attempts. Failure to communicate with the instructor or request an extension on a quiz will result in a grade of a 0 on the quiz.

Units Assignments (6 x 25pts = 150pts)

Students will complete unit assignments that consist of writing, journals, and / or creative work (Canva, Power Point, Prezi, Video, drawings, or other creative platforms). Unit assignments serve to satisfy SLO's 1-3 and student learning objectives through theory application and relevant topic research. All unit assignments will be open and available for the entire semester to allow for students to plan ahead; assignments will remain closed after the posted due date. Failure to communicate with the instructor or request an extension on an assignment will result in a grade of a 0 on the unit assignment.

Observation Assignments / "Mid-Term" & "Final Assignments" (2 x 50pts = 100pts)

Students will demonstrate their understanding of theory in child growth and development through two applied, virtual observations. Students will complete a virtual observation, write two essays in APA format that directly connect their observations to the course content, and complete a creative component to synthesize their findings. These essays will serve as culminating projects that cover SLO's 1-3. Observation assignments will be open and available for the entire semester to allow for students to plan ahead; assignments will remain closed after the assignment due date. Students will be allowed to submit a rough draft of their work during the week designated in Canvas to support academic writing progress (APA formatting). Failure to communicate with the instructor or request an extension on an assignment will result in a grade of a 0 on the observation assignments.

Forms of Assessment:

All graded assignments will have a rubric for scoring reference and expectations. Rubrics will include graded assignment-specific areas and several ungraded areas, including SLO's for content proficiency, ILO's, and APA writing progress.

******DISCLAIMER: Due dates and point values are subject to change pending the discretion of the instructor. It is always the student's responsibility to confirm due dates via Canvas and contact the instructor if there is a discrepancy. ******
