Written Work Expectations

Proper writing is a basic expectation when someone has earned a college degree, and writing quality does matter as a college student and in the profession as an educator. If you intend to work with children and families, there will be many times when you need to communicate information that is crucial, including rationale for continued funding for your job and the children and families you serve. It is valuable to you if you are able to communicate through writing and that you used consistent writing mechanics.

All assignments completed should have college level quality writing which includes proper use of grammar, usage, mechanics, style, as well as proper APA citing style where applicable. Please only submit typed assignments.

The Writing Center offers free writing assistance to students on campus. For more information on all they offer, visit or call Writing Center information, email rcwritingcenter@reedleycollege.edu. Learning to study more effectively will also help with writing, and The Tutorial Center (Library Building LRC 111) has a variety of services to help you succeed in college through more effective learning strategies.
