## How to get an A in this class:

- Set up your <u>notification preferences on Canvas</u> so that you get all emails and announcements for this class right away.
- Go to Canvas every Monday and look at the weekly assignments and my introduction videos or messages.
- Make a plan for when you are going to do all the assignments. Plan to spend at least 8 hours per week. Block the time out in your existing schedule. For example, "go to class" every Friday, Sunday, and Wednesday from noon to 3:00pm. You can <u>use your Canvas</u> calendar to add blocks of time to your schedule to do your work.
- Do all of your work on time late work will receive 50% credit. If you miss an assignment or are late, you can make up the points with extra credit (if assigned), which will be posted towards the end of the class.
- Let me know immediately if you are struggling with something. You can call or email me and ask questions, email me a rough draft of your work, or set up an appointment to meet me on Zoom. Remember to expect at most a 48-hour turnaround time for emails.
- Let me know immediately via email if something is not working or looks weird on Canvas. I will fix it as soon as I can.
- Treat your classmates and me with respect. Use <u>the rules of netiquette</u> when posting on discussion boards and sending emails.
- Don't plagiarize or cheat.
- Think carefully about the assignments and activities each week. Relate them to what you already know and share your insights with your classmates and me.

### What you can expect me, your instructor, to do:

- Post the assignments for the following week every Monday, along with a video announcement or short written message.
- Respond to emails as soon as I can, but sometimes it might take up to 48 hours.
- Return your call if you leave a clear voicemail.
- Meet you in Zoom if you make an appointment a few days before an assignment is due.
- Grade all work 2-3 days after the due date.

- Give you feedback to help you get the right answer on an assignment (but not tell you the answer) if you are confused about how to do something. You can get feedback if you email a draft of your work, ask a specific question about an assignment, or meet me in Zoom for a short conference.
- Provide interesting and relevant materials and activities that will develop your reading and writing skills.

You might also be dropped if you do not continue to participate in weekly assignments and have not contacted me or responded to my attempts to contact you.

  couple of hours Canvas will mark them as late, but you will receive full points when I

You may be reported to the college for academic dishonesty. Please check the college's website for a complete list of <u>student conduct</u> standards:

Cheating is the act or attempted act of taking an examination or performing an assigned, evaluated task in a fraudulent or deceptive manner, such as having improper access to answers,

in an attempt to gain an unearned academic advantage. Cheating may include, but is not limited to, copying from another's work, supplying one's work to another, giving or receiving copies of examinations without an instructor's permission, using or displaying notes or devices inappropriate to the conditions of the examination, allowing someone other than the officially enrolled student to represent the student, or failing to disclose research results completely.

Plagiarism is a specific form of cheating: the use of another's words or ideas without identifying them as such or giving credit to the source. Plagiarism may include, but is not limited to, failing to provide complete citations and references for all work that draws on the ideas, words, or work of others, failing to identify the contributors to work done in collaboration, submitting duplicate work to be evaluated in different courses without the knowledge and consent of the instructors involved, or failing to observe computer security systems and software copyrights. Incidents of cheating and plagiarism may result in any of a variety of sanctions and penalties, which may range from a failing grade on the particular examination, paper, project, or assignment in question to a failing grade in the course, at the discretion of the instructor and depending on the severity and frequency of the incidents.
