**Subject:** Please provide feedback to revised Draft Resource Allocation Model

**Importance:** High

Greetings,

Please review the narrative for the revised draft SCCCDC Resource Allocation Model with your constituent group and provide feedback. This is scheduled to be presented to the leadership of constituent groups at the Communications Council on October 29, 2013, but we wanted to provide it in advance so you have time to get it on your meeting agendas for review and dialogue.

We are asking for all constituent feedback to be submitted in writing to Patricia Gonzalez and cc'd to Jothany Blackwood by **Friday, November 22, 2013**, prior to the November Communications Council meeting so it can be discussed at that meeting.

A status update on the narrative and process will be presented to the Board of Trustees on November 7, 2013. We anticipate presenting the draft SCCCDC Resource Allocation Model to the Board of Trustees for a first reading in December 2013 and a second reading and action in January 2014.

Thank you,

Jothany Blackwood, Ed.D.
